

FORGET EVERYTHING YOU
KNOW ABOUT TREADMILLS

CYBEX 770T

INTELLIGENT SUSPENSION[®]

CYBEX 770T

BORN TO PERFORM

The CYBEX 770T is a completely new treadmill designed around the most important people in your facility: your members. It's also the first treadmill to incorporate our patented ARMZ – stabilizers that reach out beyond conventional support bars to provide an added level of safety and a feeling of confidence.

But that's not all. The 770T-CT's new CardioTouch display offers a single command center for every exercise program and entertainment control. Users can easily set up an exercise program, charge an iPod® or iPhone®, scroll through playlists, albums, artists, podcasts, and more.

At the heart of the 770T is the IS³ Intelligent Suspension System, the result of extensive research conducted by the CYBEX Institute for Exercise Science. The 770T's deck is soft at landing, firm in the middle, and rigid at toe-off to precisely match the body mechanics of running. So runners will experience a smooth, comfortable ride with minimal stress, impact, and shock.

BUILT TO LAST

This professional quality treadmill is designed and built by CYBEX. Which means it will stand up to the most demanding environments and challenging workouts. With the CYBEX 770T, users will enjoy a superior exercise experience – whether they choose to walk, jog, run, or simply work up a good sweat.

Forget everything you know about treadmills and remember the one name that will keep members coming to your facility – CYBEX 770T.

This is not your run-of-the-mill treadmill. This is a breakthrough designed to encourage serious and casual fitness athletes alike to rediscover the simple joys of running, jogging, and walking. The CYBEX 770T offers better stability, greater comfort, and more entertainment options than any treadmill in our history. **Enjoy the ride.**

ARMZ™

Ergonomically designed stability bars ensure a safe, comfortable ride.

CARDIOTOUCH™

Every exercise program and entertainment choice is at your fingertips – including an optional Personal Entertainment Monitor (PEM).

INTELLIGENT SUSPENSION

Our IS³ system uses an advanced elastomer to cushion shock on every step.

MORE ROOM FOR MORE MEMBERS The 770T offers a large 60" x 22" running area in a compact 82" x 34" footprint.

A TREADMILL UNLIKE ANY OTHER

SELECT YOUR PROGRAM.

CHOOSE YOUR LEVEL.

PLAY YOUR MUSIC.

SEE IT ALL

The large, high-resolution graphical display makes data and exercise profiles easy to read.

TAKE CONTROL

Speed and Incline controls are located right where they belong—next to the contact heart rate grips.

STORE EVERYTHING

A central storage tray is big enough to hold an iPod, iPhone, keys, and wallet—all at the same time.

STAY COOL

An adjustable, dual-speed fan keeps you cool during the most heated workouts.

DRINK UP

Two oversized water bottle holders provide plenty of storage for water and sports drinks.

KEEP READING

Integrated reading rack holds magazines and books securely in place.
